The Energy Store focuses on Â Energy Saving Solutions. We really, specialize in all types of solar systems from large commercial solar arrays, to custom residential installations, to unique off-grid battery projects. Our installers are the best in the industry and take extra care to make to assure our customers are satisfied and happy.Â

Â

Â We also have expertise in LED lighting, wind and micro-hydro turbines.

Â

We can custom design a solution for almost your every need.

I love my work and love helping people solve problems.

Â

We really look forward to helping you and working with you.

Thanks,

Paul
